PROFESSIONAL SUMMARY

Results oriented Full Stack Developer with a track record of rapid career progression, earning 3 company awards and advancing from intern to a top engineering team in under a year. Experienced in leading end-to-end product development, from building high impact customer POCs for major clients to independently creating a fullstack, in-house commerce platform. Known for delivering scalable solutions and winning prestigious awards like the Smart India Hackathon 2022.

EDUCATION

MIT World Peace University   **Pune, Maharashtra, India**
Bachelor of Technology in Computer Science and Engineering   May 2024
- **CGPA:** 9.70 / 10.00
- **Relevant Coursework:** OS, CN, OOP, RDBMS, Project Management

WORK EXPERIENCE

Contentstack (https://compass-starter.contentstackapps.com**/)**   **Mumbai, Maharashtra, India**
Associate Software Engineer July 2024 - Present | ASE Intern Jan 2024 - July 2024
- Solely responsible for the end-to-end development of a new in-house Commerce platform (PIMS), designing the ERD, database architecture, and fullstack implementation. The platform is projected to be used by 50 Solutions Engineers worldwide.
- Engineered high impact POCs for major enterprise customers (e.g., United Airlines, Vuori), showcasing unique product applications and directly contributing to the finalization of 4 deals.
- Built and deployed solutions to seamlessly link newly acquired Lytics services with the core Contentstack CMS, successfully securing data of over 15,000 visitors in a month and enhancing platform functionality.

PROJECTS

Red Panda Commerce *(https://www.redpanda-commerce.com)*
- **Abstract:** Built a multi-tenant in-house PIMS adopted by 50 Solutions Engineers; unifies 5+ catalog domains (products, media, attributes, tags, localization) to streamline launches and reduce handoffs.
- **Technical:** Delivered a Next.js + Supabase stack with RLS multi-tenant auth, tokens API, and storage; 7 admin modules (products, categories, attributes, tags, assets, languages, users) in a responsive React/Tailwind UI.

LaunchPad *(https://launchpad-startups.web.app/)*
- **Abstract:** Designed & developed a scalable accelerator platform, with a vision to support the incubation of over 100+ startups.
- **Technical:** A website made using React and Firebase that allows listings of companies, event creations, one-on-one messaging, and exploration like 10+ features, including event creation, one-on-one messaging, and company listings.

PROGRAMMING SKILLS

- **Programming Languages:** C++, Python, Dart, JavaScript, Typescript, Java, Go
- **Frontend Frameworks & Libraries:** React, NextJS, VueJS, React Native, Flutter, CSS, Tailwind, Bootstrap, Chakra
- **Backend & Runtimes:** NodeJS, ExpressJS, Flask
- **Databases & Cloud:** Supabase, Firestore, MongoDB, PostgreSQL, GraphQL, AWS, Contentstack CMS
- **DevOps & CI/CD :** Docker, Git, Github Actions, Jenkins
- **Tools & Other:** Figma, Selenium testing (Python), VSCode, GitHub, Jira, Slack

AWARDS & PRIZES

Smart India Hackathon 2022 Winner: All India Rank 1 in a problem statement by the Ministry Of Education   **2022**
Kotak Reign Hackathon 2022: All India Rank 1 in a financial track   **2022**
Thank You Award x3: Recognized for contributions to high-impact work at Contentstack.   **2024-25**

POSITIONS OF RESPONSIBILITY

Innovation Hub   **Pune, Maharashtra, India**
CSE Head July 2022 - May 2023
- Spearheaded and managed a 100+ member team to successfully deliver over 7 diverse projects, implementing process enhancements that boosted team efficiency by 100% and leading 10+ activities to enhance skills in DSA and competitive programming.
